THEME

RADIO has grown to be an active part of modern life. It brightens our leisure, gives us weather reports, and keeps us informed at all times. Probably the most appreciable thing it does is to keep us entertained. In narrowing it down to a single program, there are many elements required before the program can be presented for listening enjoyment. By making a comparison of our school system to the preparation of a program, we find the requirements to be nearly the same.

We must first have a sponsor; therefore let our school board of directors act as such. Next we need a program director, and Mr. Hardy, our principal, fills this place well. By all means we must have script writers and faculty members do justice to the task.

What would a program be without stars? These important roles are filled by the obliging Seniors. A supporting cast is supplied by the Junior Class, and last, but not least, the sound effects portrayed by the Sophomore Class of P.A.H.S.

In order for a program to be successful it must have guest stars. These vacancies in our program are completed by the club organizations in the school. Since all programs must be scheduled, we therefore name our athletic contests as same. Last, of course, we must have an audience; so all of you who are about to read this yearbook, consider yourselves as the audience. Now that every detail is completed, tune us in on Station 1-9-4-7 of the P-A-H-S network for further entertainment.

DEDICATION

To Miss Mary T. Doolin, for three consecutive years the adviser of the Senior class, our most cordial greeting and best wishes. Always prompt to assist us and give us helpful and disinterested counsel, she has won our appreciation not only as individuals but also collectively.

We dedicate this publication to her as a very small compensation for her work with the Senior class.

Dear Seniors:

We trust you have enjoyed the years you have spent in our school laying the foundation for your future.

You, alone, know whether you have made the best use of the opportunity that has been made available to you for securing the basic education which is so essential in any line of endeavor you may follow.

Many of you, who wish to continue your education in a higher institution of learning, may find it impossible to gain admission at the present time because of the crowded conditions existing at all colleges and universities. Do not be discouraged. Your opportunity will eventually come. Be sure you are prepared to take advantage of it when it presents itself.

Your continued success will always be a source of pleasure to me. May I offer my congraulations to each of you on your present achievement.

Sincerely,
Fred N. Hardy

SENIORS

ANNA MARY ABBEY "Mary"

We never hear much from "Mary" who sits in serene silence in school. She makes a habit of Friday night dances, however, and there she makes with the chatter.

ALICE BIGLEY "Alice"

It seems that a fellow called Glenn is attached to this fun loving, young lady, who, we might add, is our top athlete among the girls.

MARY LOUISE BOLLER "Berry"

This brown-haired young lady is known by all of you to be a good sport and is very well-liked. She was a saxophone player in senior band for several years — and plenty "tough" at it, too. To the envy of many, her school days were ended by the chime of wedding bells recently and Mrs. Winterquist is wished much future happiness by all her pals in the Class of '47.

RAY BOWEN

Along with helping win the war, this veteran has also won the heart of a little girl named "Millie." This "friend - of - all" is an ardent worker and will no doubt become an excellent grocer, or will it be a dry-goods salesman?

SENIORS

BARBARA BOYD "Barb"

A mixer of potent drugs is Barb's ambition, for this pensive gal will someday be a pharmacist. Though Math is not her strongest point, it isn't over her head (joke...son) but at French she is a natural. She is everybody's pal and as a soda-jerk is unequaled.

ROBERT BROWN "Tobe"

Three-term president and little Kathrine Street terror is "Tobe." This frequent patron of Nick's, rivals even the best of actors and is one of Cooper Brothers' "essential" clerks. He is another class member that has come "all the way up" with us...though sometimes a little late.

VIRGINIA BRYAN "Ginny"

Teasing and talented is "our gal," for music is as much a part of her as her pleasing personality. She is an active (?) employee of the local Sugar Bowl and a co-operative member of our class. Being energetic and carefree are determining characteristics of "Ginny."

DONALD BUFORD "Don"

"Don" is outwardly serious as our class treasurer but this illusion is quickly shattered after hearing a few of his unexpected and always clever remarks made in an unassuming manner.

SENIORS

WINIFRED CROWLEY "Wynne"

Here is a flirtatious damsel whose giggles echo around the dance hall every Friday night. She's the "belle" of Turtlepoint.

JACK CULVER "Jack"

Our supposedly bashful football captain is probably our outstanding sportsman besides being very popular. He's a great favorite among the girls, as what strong silent type isn't? Silent, did we say?

RALPH CULVER

No small amount of credit for our football winnings go to this "Culver lad," who is a frequenter of Smith Avenue and who has been a favorite among his fellow students ever since he joined us in ninth grade.

RUBY CUMMINGS "Ruby"

Another Smethport "fan" — we see her often with Marie (incidentally, they leave quite a path of broken hearts behind them)— More power to you Ruby!

SENIORS

ROY DUNKELBERGER "Roy"

This tall, handsome creature is the dream man of High School girls but happens to be very fond of Joan. He's a lot of fun and a master at maintaining a dead-pan while telling about the latest moron.

LOIS EASTMAN "Lois"

"Lois" is serene, poised and always dresses tastefully. She never has been heard to make catty remarks which is in itself an achievement.

THEODORE FREEMAN "Ted"

Already a confirmed bachelor, Ted is unobtrusive but occasionally voices very definite opinions. His sense of humor is the delight of his cohorts, and occasionally, the destruction of a class.

ORAL HARDES "Oral"

First-class trumpet player is this Irish lass. She is very quiet until something strikes her funny, then you first realize that giggles must have been invented by our modest Oral. Scientific minded and friendly, she will follow in the Hardes footsteps and one day become a nurse.

SENIORS

JACK HASPER "Jack"

Jack's gentlemanly manners and co-operative ways have caused him to become well liked even though we've heard little from him. He is capable of doing many things well as a member of the Commercial class and we're certain that he will live up to our expectations.

PRISCILLA HOWARD "Prissy"

Cute and çatchy is "Prissy"; for with her flirtatious blue eyes, she has attracted many, and her tranquil, amiable ways lend a note of sophistication which makes this pleasant Miss a favorite with many and especially pleasing to Ken Wood.

JOYCE HURD "Joyce"

Joyce is more often seen than heard but she has her moments when she can hold up her end of the conversation with the best of us.

WILLIAM KEECH "Bill"

Bill is an amiable person with a ready grin and destined to be one of our future farmers. We recognize him at any distance by his casual, easy going stroll.

SENIORS

CLLIFFORD KIO "Cliff"

Another veteran, "Cliff" is amiable and well liked. He is often seen ambling around town or at the movies with a certain Junior girl.

LOUISE KLEIN "Brenda"

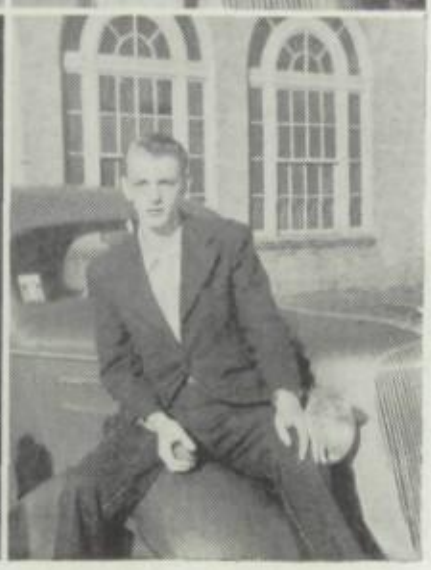
"Brenda" is definitely flighty. She is Wynne's cohort and they're rarely seen without each other. Famous for her giggles, she often seeks the male citizens of Roulette.

EDWARD KNAPP "Abner"

"Abner" is a quiet, unassuming and very studious fellow. He is well liked among all the students and is noted for doing well in all that he undertakes. He is a sportsman of some rank and enjoys hunting, fishing and athletics.

THEODORE LABARR "Ted"

Vivacious and laughing is our versatile Ted. Innumerable are the activities of this tall, blonde, well dressed fellow. He joined us in our Junior year and has offered us our biggest charges ever since.



SENIORS

CLIFFORD LANE "Cuffy"

He gets along with everyone and always greets you with a cheerful grin and "Hi." He isn't the steady kind with girls and just "gets around" with everyone.

MARIE LEAPAL "Marie"

Smethport races to the top of Marie's O.A.O. list and we don't blame her. She whizzes by in her little "chevy"...but not without that amiable smile—so typically Marie. This intelligent gal is a pal of Ruby's and is destined someday to be a great little doctor's assistant.

RUTH LEAVITT "Ruth"

Flirtatious and capricious are a few determining factors of our noisy blonde. Ruth has a very great "Influence" over Virginia, and her laughing, blushing ways will never let us forget her. Her athletic ability is of such great renown that she has often been referred to as a "star."

JOHN LEMMLER "John"

Here's our class president who says a lot in a few undecorated phrases and accomplishes everything he sets out to do. He's a one-man girl; the girl being Carolyn.

SENIORS

JAMES LOVELL "Jim"

Camera addict is an understatement in describing Jim for everytime you look at him you hear shutters click. He is "one of the fellows" and also a favorite with the girls. After graduation we will always remember Jim's friendly face, bright and happy in everything he does.

KEITH LUDWIG "Pussy"

Wavy hair is definitely not Pussy's greatest asset for it tops 6 ft. of congenial "he-man." This lady killer is closely related to Charles Atlas and excels in all sports...especially basketball.

DONNA MANNING "Donna"

Capable and commercial is this untiring colleen. With flashing eyes and clothes, she catches a sophisticated note. Donna is no less liked by the girls, for her friendly and gracious and good-natured ways, than by the opposite sex.

ALICE MANTZ

A whiz at basketball is this winsome and dignified Amazon. As a complacent country gal, she has made "varsity" and her genuine ways have merited her as a first-string good sport and all time "smoothie."

SENIORS

MILDRED MANTZ "Millie"

She's very feminine and a flirt. "Millie" is popular, especially with Ray at present. She has sparkling brown eyes, a winning smile and nice personality.

VERONICA MASTERSON "Veronica"

Such a shapely little red-head could hardly be less than the school's coquette. Well that is Veronica for though her heart is in reserve at the present time, her dynamic, peppy personality remains to tease other hearts.

RUTH MATTISON "Ruthie"

Our efficient class secretary has big brown eyes, a demure manner and is a skilled pianist. She's very sweet and unsophisticated and is the answer to a teacher's prayer.

ONALEE McDIVITT "Onalee"

This commercial student has typed herself into a nice "A" average. She is no less a conscientious lass or "friend in need." Her ability as a secretary destines a great future...more power to you Onalee!

SENIORS

ROBERT MERRITT "Bob"

"Bob" is our favorite brain-child. He's liked by everyone but allergic to most females. He is a brilliant student and will probably go far. We'll be watching him with pride.

WILLIAM OSTRANDER "Bill"

Varsity basketball captain and B.T.O. is our Bill. With engineering as his goal and his suave manner to back him up, many gals' hearts wil be strewn behind as this shy AP-PEARING lad makes his mark along the pathway to success.

BETTY PUHL "Betty"

She's always cheerful and she's one of our start athletes. She haunts the Friday night dances with Aldean and Nellie Lou. Otto is her favorite town, besides Port, of course.

SHIRLEY QUINT "Squint"

She has been endowed with beautiful auburn hair which is the envy of everyone who has ever wanted to be a redhead. "Squint" is a brilliant student and a likeable person.

SENIORS

ALDEAN RITTBERG "Aldean"

Indifferent and smiling is versatile Aldean. What with her jovial and frisky qualities, she has been selected a "top" cheerleader and "regular gal." When she graduates, Miss Snydr will miss a talented student who has that certain something.

JANE ROMANIO "Jane"

Jane is a petite, shapely, sophisticated Miss who has a nice voice and also favors that place called Otto. She is an active participant in all class activities.

NAN SCHERER "Nan"

Neat and noisy is this "good time gal." Though Nan doesn't always "catch on" in Physics, she really did a nice job when she latched on to Bud. When she settles down, the airways are going to be out a great, would-be hostess.

THORALD SHELLEY

This industrious future farmer is so mechanically inclined to rival Edison. Shelley's amiable dimples typifies that sought - after quality of a friend in need and has given us ample reason to believe he is as reliable as he is witty.

SENIORS

NELLIE LOU WENNERSTROM

"Nellie Lou"

She's the shy, reserved type, partial to a place called Otto, and a guy called Bob. She doesn't have much to say but she laughs a lot, which is really better.

CAROLYN WINTERQUIST "Carolyn"

"Carolyn," our slight and attractive Winterquist gal, is one of the most popular and active members of the Senior class. As to school work, she is a "mathematical whiz," and holds her own in Latin, too. John has kept her eye for twelve long years, and she has carried on a real friendship with her pal, Shirley.

SENIOR CLASS HISTORY

One warm September afternoon back in nineteen hundred and thirty five, twenty five bewildered little children marched into the grade school on Church Street, and for the first time they were going to school.

The days passed quickly, for everything was so new to these youngsters that struggled through the simple things being taught them. Of course an occasional whimper was heard because some of the little darlings had been naughty. Then in thirty six, we engaged Miss Tuttle, who guided us through another year safely. Next came Mrs. Shurtz, then Miss Robinson, who at times was forced to scold Port Allegany's future citizens.

Our first big event, the Class of Forty Seven, marched into the Senior High School building for the fifth grade. In those days we were on top of the world, that is, until Miss Dunnigan decided differently. Then came the sixth grade which was ably managed by Mrs. Fleming. Seventh and eighth grades were spent by the majority in learning our lessons. Then in the ninth grade the Class of Nineteen Hundred and Forty Seven was reinforced by the aggregation from Liberty Township School. In the absence of Mr. Lynch, Mr. Rathgeber presided over the group of ambitious young students who were filled to the top with mischief.

That long awaited day came. We the Class of Forty Seven marched into Senior High shouting, "Make way, Seniors, we're coming through." Unfortunately, it didn't work out that way, for the once proud freshman class was now a green, sickly mess. When the Seniors got through with us, we thought we'd said our last words. No such luck, we survived and continued on, a broken-hearted group for the rest of the year. Our chief accomplishment for the year was a splendid Sophomore Hop, which everyone talked about afterwards. Next we were Juniors, the in-between. Our only activity centered around a well decorated gym, and happy couples promenading to the strains of Johnny Grady and his master musicians.

At last the awaited day came when we could go into Senior High as the "Big Wheels." It came and now it is only a memory.

Initiation was successful as usual, the Seniors then marched to face all the problems that were presented to them by the faculty. The Senior Play was a great success and will be talked about for some time to come. The class pictures came back and Seniors saw themselves as others see them. Mid-terms rolled around. After considerable puzzling, all of us made it. When spring came around we were guests of honor at the Hop and Prom. Commencement was here at last, diplomas were awarded, and the Class of Nineteen Hundred and Forty Seven was officially disbanded. Twelve years gone as a matter of minutes, and so, we the Class of Forty Seven, stepped into the world to seek our ways as promising citizens.

SENIOR CLASS ACHIEVEMENTS

Every graduating class has accomplished some things that they can be duly proud of. We, the Class of Nineteen Hundred and Forty Seven, are going forth into the world at a time of uncertainty, but we feel confident that the work we did as a unit, will make us outstanding as individuals, too.

Briefly, let us look back over the year and review our outstanding achievements. In the ninth grade we were organized by Mr. Rathgeber. We worked well as a unit, and one event, the Freshman Frolic, showed us that we were capable of overcoming obstacles.

As Sophomores in high school, we all managed to live through the annual ordeal of hazing. We again made a showing, as the Sophomore Hop was a great success in spite of wartime shortages.

In our Junior year we held up the torch again by presenting to the school one of the nicest Proms ever held. At becoming Seniors, we marveled at the thought of having come forward eleven years and at last we were on top.

Shall we say that the Class of Nineteen Hundred and Forty Seven made as fine a showing their senior year as any class that graduated from Port High. We carried out our magazine compaign with increased subscriptions; the Senior Play was an excellent production; the boys in the class displayed fine form in athletic contests. Lastly, through great efforts, we believe we edited a yearbook to remember. Now that we are leaving, we shall not forget our faculty and principal, Mr. Hardy; for without their guidance and patience we would not have had opportunity to achieve our goal.

CLASS PROPHECY

This television program,
Ten decades hence, or eleven,
Brings to the screen the faces of
The Class of '47.

Just watch me as I climb aboard
The global glider car,
And take you to the places where,
Our fellow classmates are.

It's Cuffy who's the pilot,
His shoulders sport six stars,
He thinks the world's too crowded,
And now commutes to Mars.

Our first stop is in Washington
To hear the great ovation,
They're giving Brown, the diplomat
A big man in our nation.

The President's reception next,
Is where we'll take our stand
Beside J. Lemmler. He's
The leader of the band.

Among the guests parading by
Here's a familiar face.
It's J. Culver, who, in football is
The All Stars' all-time ace.

And when you need a lawyer, here's
The best for your defense:
Supreme Court Justice Merritt, who
Makes dollars out of sense.

Let's take a jaunt to Port
To talk with Doctor Keech
Who's famous the world over for
His treatise on "The Peach."

The huge new stadium is filled,
There's not a vacant seat.
Dunkelberger's coaching football, and his
Teams just can't be beat.

The comprehensive clinic's where
We'll see the three great medics:
E. Knapp is surgeon now, the
Chief of staff for headaches.

There's Freeman who gained his fame
While working on the lizard;
And Ralph Culver—he's the
Psychiatric wizard.

We'll leave now for Bolivia,
The country in S. A.
For Thorald Shelley is
Residing there today.

Across the blue Atlantic the
Sahara's sand grows grain.
Ostrander is the genius; music
Takes the place of rain.

The reforestation project of
The European plains
Is controlled by one K. Ludwig, who
Combines his brawn with brains.

We glide on to Alaska, wondrous
Land of buildings tall.
McCloskey who designed them,
Is waiting for our call.

Lovell is Bill's partner now,
Around us is the proof.
Each structure here is topped
With a Lovelitian roof.

L. Klein and Winnie Crowley
Have joined the Ladies' Aid,
They sit all day and gossip
On whose hen it was that laid.

For progress in pink powders,
You'll find one Barabara Boyd,
Who makes her deadly capsules
Out of purple celluloid.

Before the dazzling footlights
We'll find the great LaBarr,
Who worked so hard 'til finally,
He became a Broadway star.

Our compass points us northward
Where we'll find our good friend Nan,
She's searched the entire globe before,
She finally found her man.

CLASS PROPHECY

We find that Ginny Bryan
Is beating out the boogie.
Her latest feat is getting
Boogie out of woogie.

Carolyn is now married,
She has a hen-pecked mate,
For John, that fine young fellow
Has finally met his fate.

We point our global glider car,
Away out to the West—
There's Kio swatting horseflies
And shouting, "Go you pest!"

The latest thing in eyeballs
Was made by Shirley Quint.
Her optical illusions would
Make a sane man squint.

As we journey to Chicago,
We find a big convention,
Aldean and Jane are ready
To unveil their new invention.

Alice M. and Mildred M. are there
To see the wondrous show.
They want to find if they can learn
Something they don't know.

Mary Boller heads the line,
She wants to get a look,
In case it's something to teach her
How to sew and cook.

Priscilla also hopes
That she can gain some knowledge,
For she feels she still can use some
After eighteen years in college!

I see our good friend Onalee
Is here for just a peep;
She's in the market
For a '47 jeep.

Nellie Lou and Betty
Received an invitation;
They left their husbands home
To join this great ovation.

The W.C.T.U. has sent
Their two best bottle slinkers.
Marie and Ruby are on the watch
For any whiskey drinkers.

Ruth Leavitt brought her husband,
She didn't dare refuse him.
The truth, however, is—
She didn't want to lose him!

Those two great inventors
Of this marvelous day and age,
Are now preparing
To step upon the stage.

I notice that we overlooked,
A couple of our classmates—
Oral Jean and Lois,
Both wearing upper false plates.

And over in the corner
I see another crowd:
Alice, Donna, and Joyce,
All laughing long and loud.

Veronica and Mary A.
Are having quite a time.
They're shooting dice upon the floor,
But only for a dime.

A crashing chord of music
Comes drifting to our ears.
Ruth Mattison has finished,
And hear the joyous cheers.

The veil at last is lifted,
And what is this I see?
A machine that makes it easy
To catch a boy like me!!

And now we end our jorney
In the city of New York,
Where Ye Ed produces programs
For Amalgamated Cork.

PRESS CLUB

OFFICERS

President ..... Veronica Masterson

Secretary-Treasurer ..... William McCloskey

This year the Press Club, composed of fifteen members, met bi-monthly for the purpose of editing the "High School Bugle."

It was especially interesting this year due to the fact that many of the nearby schools exchanged school papers with us, theirs giving us new ideas for our paper and also keeping us in touch with the happenings of our neighboring schools.

Unlike other years, we had an independent paper printed and made attractive by the Steno Club. This club under the direction of Miss Snyder, did much to make our Bugle the huge success of which we are proud.

The social highlight of the year was held on St. Patrick's Day, and a good time was reported by all. Thus closed a very progressive year for the Press Club members under the supervision of Miss Doolin.

With John Lemmler for president, the Latin Club has accomplished many things this year. Miss Dennin's never-failing advice, combined with the co-operation of the club members, is producing a very successful play, and a banquet after the fashion of the old Romans. The costumes worn by each on these occasions were individual accomplishments in themselves; and we're sure that everyone will agree that we have done an excellent job in forwarding the social spirit in our school.

The Biology Club is one of the school's oldest organizations. Mr. Bates began the club in 1933 and we maintain it is one of the top ranking groups in school.

The first meeting consisted of voting for new candidates as members in the P.B.C. When the final phase of initiation was completed, all the new members then knew why we claim to have such a splendid organization.

The club this year organized a photography group, a chemistry group, and a ski club group, to which all members willingly volunteered to belong. These groups assembled at various times for the purpose of research and entertainment. At the final meeting, officers for the next year were elected.

A committee of three representing the School Board proposed to the students and advisers the plans drawn for an association to promote athletics. Laws were immediately drawn up and the organization proved its worth by the great aid it furnished to the whole athletic schedule.

Because of the aid of the students and the well-planned organization, the people gave it a firm basis on which it may stand and function in the future.

At each meeting we hold a business meeting, a devotional period and a Teen-Topic-Time.

OFFICERS

President ..... Keith Ludwig

Vice-President ..... Donna Manning

Secretary and Treasurer ..... Betty Puhl

Adviser ..... Miss Snyder

The club was formed this year with nineteen active members. Everyone worked hard, mostly on the "Bugle." This is the first year we have ever tried printing our own paper and it has proved to be very successful.

Two parties were held. One was a Halloween Party, and the other was a Christmas Party held in the Commercial Room. In February the Cupid's Ball was given and was a great success. The club also helped make the "Operetta" programs.

In the latter part of the year, the girls acted as secretaries to the teachers. The year closed after much hard work and a great deal was accomplished.

VARSITY "P" CLUB

OFFICERS

President ..... Robert Brown

Secretary ..... Donald Buford

Treasurer ..... Ralph Culver

Faculty Adviser ..... Mr. Poole

The Varsity "P" Club celebrates its fourth year as an organization in Port High. Its membership is open only to boys who receive their varsity letters either in football or in basketball.

The purpose of the club is to promote athletics and good sportsmanship among the high school fellows. The club began to function shortly after football season, then several new members were admitted, who had completed their varsity requirements on the gridiron. After a week of initiation, they were received as full-fledged members.

Projects undertaken were the successful publication of the 1946-47 basketball schedule in order to raise money for senior awards, which was the purchase of jackets for graduating members. As in the past, the senior lettermen are always rewarded for their efforts in participating in athletics. In preceding years, gold footballs and basketballs were purchased. Last year the club chose to award jackets. Likewise the club voted to do the same this year. For those boys who earn a letter in basketball, jackets will also be awarded to them.

As a final project, the club is purchasing a movie camera, to be used by the school for photographing athletic events. We feel that as the club grows older, it is fulfilling its purpose of promoting fair play.

REVIEW of ASSEMBLY PROGRAMS

The student body was entertained by a series of educational as well as entertaining assembly programs in the school year.

The first in this series of programs was given by the Melody Trio. They were three charming artists who presented the musical essence of the world famous operettas, musical comedies, and folklore, delightfully sung and played with all the romance and humor of the original productions.

On October 30 at 10:50 A. M., Sheetz and Company presented a lavish entertainment of Magic, Illusions, and Mystery with a stage setting seldom seen outside of magical productions in large cities.

On November 31 at 3:00 P. M. a program illustrated with motion pictures was given by Ben Ferrier. He told vivid stories of the Eskimos and Indians in the wilderness and in the game preserves.

On December 6 at 1:00 P. M., Wesley Flanery, a scientific expert and entertainer, presented the A.B.C.'s of Aeronautics. Mr. Flanery explained simply and clearly the theory of flight and the fundamentals of engines and navigation.

On February 3 at 3:00 P. M. Edwin A. Rowlands, the world's foremost autograph collector, presented The Value of a Hobby. With photographic enlargements of the autographs of famous people, he told their hobbies and his interesting experiences in meeting and obtaining autographs from outstanding personalities.

The last program of the school year was given by Buck Shores, cowboy, author, and entertainer. He presented a true story of the real west, interwoven with original songs to the accompaniment of the Spanish guitar, the electric steel guitar and the electric Spanish guitar. He told in song and story the thrills and romances of the days of the old west.

FOOTBALL REVIEW

On the 15th day of August the first practice of the Gators was called by Coach Poole. His call was answered by thirty eager boys to end the season with four wins; also with three losses.

The season was opened when the Port Gators defeated the Otto Terrors on the Otto Gridiron. The Gators won the game 13-0, but there was much room for improvement.

September 28 the Gators dropped a 32-13 decision to the Coudersport team. The one outstanding thing of this game was that it was played on the new field at Community Park.

The Red Raiders of Emporium played the second game at Community Park by defeating the Gators 25-7, avenging the 13-7 defeat they suffered the preceding year.

The following Saturday the Gators again sent the Otto Township eleven home without a victory, but with the satisfaction of scoring their first touchdown of the season. The final score was 20-6.

On October 19 Port's old rival was met on the muddy Smethport field to hand them a 13-6 defeat. This was a game that wasn't won until the final whistle blew.

Again on October 26, DeSteven the flashy back of Coudersport ran away with a 34-12 victory. This victory clinched the Class B championship for Coudersport, the only one they ever had.

The final game was played at home when the Gators handed the Hubbers a 26-6 defeat. All of the Gator tallies were scored in the second half to sweep the victory from the county seaters.

Beginning the season with six lettermen, the team set a good example for the remaining five lettermen, captained by Ray Borowski.

In addition to the football season, the team enjoyed two large college games in which they witnessed St. Bonaventure vs. Bowling Green, sponsored by Mr. Herger, and Cornell vs. Dartmouth, sponsored by Mr. J. L. Barren. These friendly acts were directed to promote football in the future.

BASKETBALL REVIEW

On December 13, the Gators opened the basketball season by losing a hard fought battle to the Otto Terrors 47-21.

Eldred again made the Gators face defeat by a total of 30 points.

January 6 the Smethport five gave the Gators the short end of the stick by twelve points.

On the Gators' home floor the Hilltoppers of Mt. Jewett handed the Gators their fourth defeat.

The green tide of Shinglehouse rolled over the Gators again by a 36 point margin.

The confident Ludlow team met an upset when the Gators took the game in the final minutes by one basket.

On the 24th day of January, the Coudersport team defeated the Gators on the local floor.

Otto doubled every score of the Gators to again win from Port boys on January 31.

On the local's floor the Gators gave the Eldred team a battle, but near the end Eldred took the game by a narrow margin.

February 2 the Smethport team gave the Gators another defeat which marked the last contest of the year between them.

The Port Five went to the Mt. Jewett gym only to again be defeated.

The Green Tide again met the Orange and Black but not to run up such a score as before.

The scheduled last game with Coudersport was played before the Ludlow game in order to bring the season to a close sooner. Both games were dropped and Ludlow got revenge by a win.

Although the Gators lost all but one game, the display of true sportmanship made the season a bigger success.

Rub a dub dub, rub a dub, dub,
We've got —— in the tub,
Wash 'em out, wring 'em out,
Hang 'em on the line, we can beat ——
ANY OLD TIME!

A bottle of pop a big banana,
We're from Cuba, Indiana,
That's a lie, that's a bluff
We're from PORT HIGH
That's enough.

With a vevo—and vivo
And a vevo, vivo, vum
Boom get a cat trap bigger

Boom get a rat trap bigger
Than a cat trap, BUM!
Horrible, Horrible,
Cannible, Cannible
Sis boom bah!
PAHS! RAH! RAH! RAH!

Tuck in your shirtail, Pull up your pants,
Come on, team, We've still got a chance!

Razzle, dazzle, never frazzle
Not a thread, but work
All together; all together

CLASS OF 1947 TO GRADUATE IN JUNE

SENIORS BID FAREWELL TO P.A.H.S.

The big day is here. To the majestic chords of Pomp and Circumstance you nervously march down the aisle. The smell of sweet spring air mixed with decorative palms floats to your nostrils. Everywhere is a sea of blue and white. Ideas of speeches, medals, diplomas, parties after, float through your bedazzled head, and you are vaguely aware of shaky knees and hands, a lump of lead where your heart should be, and hot drops in your eyes.

And then it is all over. Days of hurrying to make school before the bell rings, locker combinations, study halls, homework, class meetings, games, clubs, and all the things that go with those twelve years are past. Oh, you may be glad now, but next fall you'll feel a little "left out" when it starts again.

And forgetting to include all the advice you're usually given, I'll just say "Good luck, kids! Congratulations! Nice going!" — and join the ranks of Alumni.

CAN YOU IMAGINE

Bob Merritt not being smart
Louise K. without Bill
Nan Scherer being a farmer's wife
Oral J. Hardes not being friend'y
Mildred Mantz not being popular
Bill Ostrander going steady

Shirley Quint with short, black hair
Jack Culver without his usual laugh
Ed Knapp not writing a good theme

They tell me that "Tobe" is his nickname
Some day he will be in the "Hall of Fame."
Short of stature, but large of heart
He is Donnie's counterpart.

Who is this Senior lass
That Ray thinks is just the class?
She is a cheerleader and plays a trombone,
At night you'll never see her alone.

He is the Captain of the Gators
And a soloist with the band
He's a member of the Senior class
And we all agree he is just grand.

WIT PARADE

Bill McCloskey: I'd like to buy a book.
Clerk: Something light?
Bill: It doesn't matter. I have my car with me.

Mr. Young: (calling roll) LaBarr.
Voice: Absent.
Mr. Young: Quiet! Let him answer for himself.

Millie: Do sailors wash their clothes on shipboard?
Ray: No, they throw them overboard and they're washed ashore.

Wynne: I enjoyed reading your theme. Who wrote it for you, dear?
Brenda: I'm so glad you liked it. Who read it to you?

Miss Doolin: The king touched Sir Walter Raleigh on the head with a sword and made him a knight.
Bill O.: That's nothing. An Indian touched my uncle on the head with a tomahawk and made him an angel.

Theodore couldn't pronounce his R's very well so Miss Dennin gave him this sentence to learn. "Robert gave Richard a rap in the ribs for roasting the rabbit so rare."
A few days later she asked Ted to repeat the sentence: "Bob gave Dick a poke in the side for not cooking the bunny enough!"

Roses are red
Violets are blue
Orchids are ten bucks
Would dandelions do?

Soph: Yes. Telling a hair-raising story to a baldheaded man.

Mrs. Brown: Bob, what are you doing in the pantry?
Bob: Fighting temptation.

Professor: There's a young man in this class making a jackass of himself. When he's finished, I'll start.

A passenger in an airplane was far up in the sky when the pilot began to laugh hysterically.
Passenger: What's the joke?
Pilot: I'm thinking what they'll say at the asylum when they find out I've escaped.

Marie: You know Ruby always wanted a baby daughter so she could name it 'June.'
Joyce: Yes, I remember. Did she?
Marie: No. She married a man named 'Bugg'!

Papa glared sternly across the table at his young hopeful. He said, "Another bite like that and you'll leave the table."
Son: "Another bite like that and I'll be finished.

ALMA MATER

Although Yale has always favored
The violet's dark blue,
And the gentle sons of Harvard
To the crimson rose are true,
We will own the lily slender;
Nor honor shall it lack
While Port Hi stands defender of
The Orange and the Black.

Through the four long years of high school
Mid the scenes we know so well
As the mystic charms to knowledge
We vainly try to spell,
Or we win athletic victories
On the football field and track,
Still we work for dear old Port High and
The Orange and the Black.

When the cares of life o'ertake us
Mingling fast our locks with gray,
Should our dearest hopes betray us
False fortune fall our way;
Still we banish care and sadness
As we turn our memories back
And recall those days of gladness
'Neath the Orange and the Black.

L'ENVOI

When the earth's last picture is painted, and the tubes are twisted and dried,
When the oldest colors have faded, and the youngest critic has died,
We shall rest, and faith, we shall need it—lie down for an aeon or two,
Till the master of all good workmen shall put us to work anew.

II.

And those that were good shall be happy: they shall sit in a golden chair;
They shall splash at a ten league canvas with brushes of comets hair.
They shall find real saints to draw from—Magdalene, Peter, and Paul;
They shall work for an age for sitting and never grow tired at all!

III.

And only the master shall praise us, and only the master shall blame;
And no one shall work for money and no one shall work for fame,
But each for the joy of working, and, each in his separate star,
Shall drawn the thing as he sees it for the God of Things as They Are!

—Rudyard Kipling—

AN APPRECIATION

The members of the Class of '47 and the "Tiger Lily" Staff wish to extend our sincere appreciation to the advertisers and all the others who so willingly contributed and helped in making this yearbook a success.

Some day, **SOMEONE MUST TAKE OVER THE CONTROLS**

and the graduates of 1947 have made one more step in that direction. Congratulations!

The men and women graduating from our schools are aiming for higher attainments, and many of them will someday be in a position to "take over the controls."

We offer our services to all, as very few can be successful without some banking connection.

A Bit of (Light) Advice

It takes a lot of "doin' " to be a success in any chosen field. It takes determination and perseverance and courage and — well, you know the rest. But, one of the "musts" is just plain common sense.

And it is common sense, and nothing more, to provide yourself with enough of the right kind of light for the job at hand. Studying at college ... sewing ... working with tools ... designing or even washing dishes ... whatever the job, it will be easier—and you'll do it better—and that's at least one step toward success.
